Pressure Forming

'FORMING THE FUTURE ..TODAY'

*Why you should choose pressure forming
over injection moulding.....*

- Pressure forming has exactly the same finished quality as injection moulding. It produces defined surfaces good for use of different textures and to get sharp shapes for logos etc.
- BUT unlike injection moulding the tooling costs are significantly less!!!!

Plastics By Design Offer.....

- 25 years of experience in vacuum & pressure forming.
- Bespoke Designs.
- Small runs. (50-5000)
- Thick & Thin Sheet.
- Components and Packaging.
- Cover and Panels.
